If the game is tied at the end of regulation play, the following Shoot Out Procedure will apply.

1. Three different shooters from each team will take alternate shots, the team with the advantage in goals scored will be deemed the winner.
2. If the game is still tied after three shots by each team there will be a sudden death shoot out which will continue in this manner until one team has scored the advantage in goals.
3. After the first 3 shooters, the same or new players can take the tie-break shots. The same player can also be used for each shot by a team in the tie-break shoot-out.
4. Only the decisive goal will count in the results.
5. Shots will be taken at both ends of the ice.
6. The home team will chose whether to shoot first or second.
7. Any player whose penalty was not over when overtime ended cannot take the shots and must stay in the penalty box.
8. The goalkeepers will defend the same goal, as determined by the Referee.
9. The players of both teams will take the shots alternately.

There will be a scout room for this event. Teams wishing to provide information for the scouts can leave this with the Arena front desk who will then place in the scout room.
